Policies and Procedures Manual

Purpose of the Manual

The purpose of the Policies and Procedures Manual (PPM) is to contain the policies and practices set by the Board of Directors of the Minnesota Registry of Interpreters for the Deaf (MRID). The PPM contains general guidelines for the organization. The overall intent of the PPM is to have a pragmatic, working document. The PPM serves to define roles, functions, and responsibilities for the organization in a way to better serve the membership. This manual is designed to be a living document, accessible to all. This manual should be referred to and updated as frequently as possible to ensure that up-to-date and robust policies guide the organization. MRID members can propose edits to this PPM, but the MRID Board of Directors has the primary responsibility and authority over the contents. Edits to the PPM can be made any time with a majority vote from the Board.

MRID Statements

Mission Statement

It is the mission of MRID to provide state and local forums, and an organizational structure for the continued growth and development of professions of interpretation and transliteration of American Sign Language and English.

Philosophy Statement

The philosophy of the MRID is that excellence in the delivery of interpretation and transliteration services among people who are Deaf, DeafBlind, hard of hearing, and hearing, will ensure effective communication. As the professional association for interpreters and transliterators, MRID serves as an essential arena for its members in their pursuits of excellence.

Accountability Statement

MRID recognizes and values that everyone comes from various places, backgrounds, and experiences. We seek to create an environment where people treat each other respectfully and where we can hold each other accountable. MRID recognizes that we are all entrenched in systems of oppression. Therefore, we promote and support spaces where honest and respectful language is used. Everyone will be held accountable for their participation in any type of oppression while in MRID spaces.

Legal Responsibilities

Legal Responsibilities of Nonprofit Boards

Under well-established principles of non-profit corporation law, board members must meet specific standards of conduct and attention to carrying out their responsibilities to the organization. These standards could be used in court to determine whether a board member acted improperly. These standards are usually described as the duty of care, the duty of loyalty, and the duty of obedience.

Duty of Care

The duty of care describes the level of competence that is expected of board members and is commonly expressed as the duty of “care that an ordinary, reasonable, and prudent person would exercise in a like position and under similar circumstances.” This means that a board member owes a duty to exercise reasonable care when they decide as a steward of the organization.

Duty of Loyalty

The duty of loyalty is a standard of faithfulness; board members must give undivided allegiance when making decisions affecting the organization. This means that a board member can never use information obtained as a member for personal gain but must act in the organization’s best interests.

Duty of Obedience

The duty of obedience requires board members to be faithful to the organization’s mission. A board member is not permitted to act in a way that is inconsistent with the organization’s central goals. A basis for this rule lies in the public’s trust that the organization will manage donated funds to fulfill the organization’s mission.

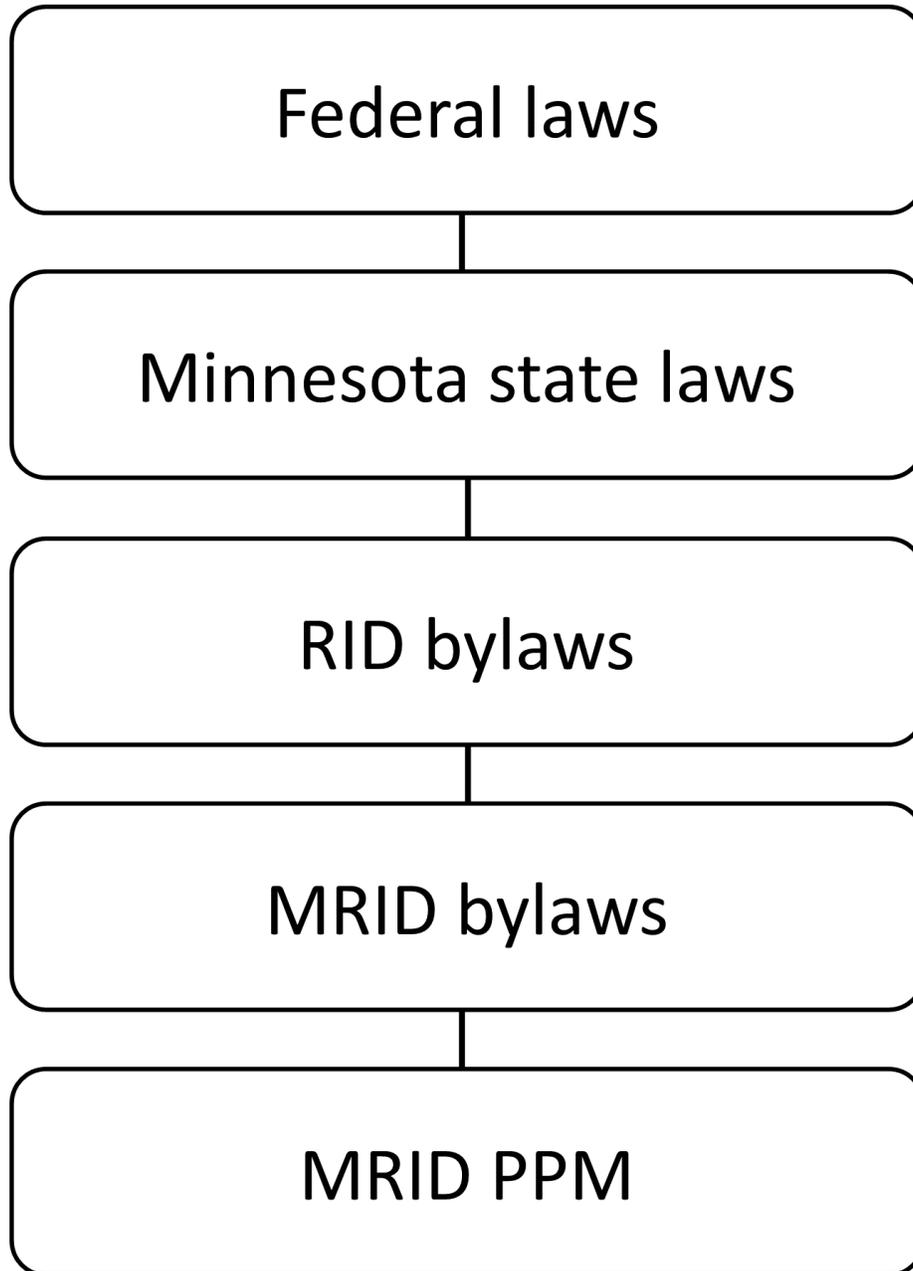

Legal Responsibilities of the MRID Board of Directors

The MRID Board of Directors performs due diligence in providing governance through supervision and delegation. The MRID Board is legally responsible for all of the organization’s assets, and to ensure its viability. The board is accountable to its members by serving them and by using all available resources. The board will adhere to all federal laws, Minnesota state laws, RID bylaws, MRID bylaws, and comply with all requirements as implied by its status as a 501(c)(3) organization in the state of Minnesota.

Hierarchy of Authority of Rules

MRID is a nonprofit 501(c)(3) organization in Minnesota. It is an affiliate chapter of the Registry of Interpreters for the Deaf. Below is the hierarchy of authority of rules for MRID to follow.

MRID Board’s Relationship to Membership

MRID is a member-driven volunteer organization which means that the board of directors and committee members are all volunteers who generously give their time and talents. The direction of the organization is determined by the membership and the Board’s responsibility is to support the members in their activities as a part of committees that meet the need of the membership.

Example of the Board’s relationship with Membership. ID: Inverted pyramid with membership on top, followed by committees (ad hoc/standing), and board of directors at the bottom. There is a downward arrow on the left side of the pyramid that says IDEAS, and an upward arrow on the right side that says SUPPORT

MRID Annual Events

MRID is a volunteer-run organization. Hosting annual events requires a lot of time and work from committee members. The only event that is required by the MRID bylaws is the Annual Business Meeting in October. Though MRID strives to host the events listed below every year, they are not required.

MRID Fall Conference

The MRID Fall Conference is typically held in October every year. This event is a series of presentations and workshops for the professional development of interpreters throughout Minnesota. The Fall Conference also serves as a platform for special recognition of members who contribute to the field. In addition, the Annual Business Meeting conducted by MRID Board of Directors is held in conjunction with the MRID Fall Conference. The conference location changes annually with every-other-year being held in the Twin Cities Metro Area and then rotating the remaining years between Central Minnesota, Northern Minnesota, and Southern Minnesota. *Please note, per the MRID bylaws, the Annual Business Meeting will occur in October regardless of the ability to have a Fall Conference (e.g., COVID-19).*

MRID Spring Conference

The MRID Spring Conference is typically held every year in March, April, or May. Similar to the Fall Conference, this is a venue for Minnesota interpreters to connect with others in the field and take advantage of professional development opportunities. There is no business meeting or awards banquet, however other social opportunities are always welcomed. Similar to the Fall Conference, the Spring Conference location can vary throughout the state of Minnesota.

MRID Camp ASL

Camp ASL is a three-day, silent, ASL-immersion weekend held at a camp or retreat center in late spring to early summer every year. Camp ASL provides opportunities for participants to enhance their ASL skills by way of socializing with Deaf mentors, network with other interpreters, and engage in professional development workshops and/or activities.

MRID Conference Handbook

MRID has written a thorough Conference Planning Handbook with the help of past Conference Chairs. It outlines the duties of each Conference Committee Member in great detail, including sample Google Forms, past conference advertisements, costs, budgets, etc. Please use this handbook when planning conferences. To access the handbook, click [HERE](#)

MRID Annual Awards

MRID recognizes and awards individuals or organizations in the community who are doing great things. MRID strives to award folks annually for all awards listed below, however it is not required. The awards are typically given at the fall conference awards banquet; however, they can be given (virtual, for example) even without a fall conference (e.g., COVID-19).

Recommendations for these awards are accepted from the general membership, and the MRID Board of Directors (with the exception of MOTY and President's Award) chooses the recipient(s).

MRID Appreciation Award

MRID appreciates the members of our interpreting and Deaf communities who are active contributors to maintaining our professional standards and commitment to excellence. This award is given to an individual, group of individuals, or entity who has gone above and beyond.

MRID Lifetime Achievement Award

The MRID Lifetime Achievement Award is given in recognition of an MRID member who has made a significant and lasting impact on the field and practice of interpreting through their professional accomplishments, served the profession over an extended period of time, and has earned the respect and admiration of professional colleagues.

MRID Lion Roars Humanitarian Award

In January of 2004, one of MRID's most dedicated and enthusiastic members, Leo Latz, passed away. At the news of his passing, several MRID members gave contributions to MRID in memory of Leo. With those contributions, the board decided to establish an award in Leo's name.

Criteria:

1. The Candidate must be an individual or group who does not depend on interpreting for their livelihood.
2. The Candidate has contributed a considerable amount of their own time and talents to benefit the skill and knowledge development of individual interpreters, the organization of MRID, the interpreting profession, and the Deaf Community.

MRID Member of the Year (MOTY) Award

This award is given each year to an MRID member who exemplifies a contribution and commitment not only to MRID but to the field of interpreting and to the Deaf, Hard of Hearing and DeafBlind communities we serve. The award recipient has a history of donating their time, energy, and volunteerism, which supports the growth of our field and benefits the consumers we serve. Nominees must be current members of MRID to be considered. Historically, the most recent three MOTY award winners pick the next winner, however recommendations from the general membership can also be given to those deciding.

Criteria:

1. The Candidate must be an active member of MRID for at least five years.
2. The Candidate made outstanding contributions during the previous three years.
3. The Candidate has given a substantial amount of their own time and/or resources (not while on another job) to MRID work.
4. The Candidate has achieved something that contributes to upgrading and/or improving the interpreting profession in Minnesota and/or nation.

MRID Organization of the Year Award

The Organization of the Year Award is given to an organization for their extraordinary contributions to the field of interpreting, the Deaf communities in Minnesota, and/or MRID.

MRID President's Award

The President's Award is given to an individual who has assisted and/or supported the President and/or the Board of Directors in extraordinary ways during the year. The standing President selects and presents the award.

MRID Annual Scholarships

The MRID Scholarships were most recently reviewed and revised in 2020, with three new scholarships created to fit the needs of the membership. The MRID Scholarships Committee is responsible for the advertisement, selection, and distribution of these scholarships. All applicants must be members of MRID in good standing. Applications will open in the spring and be awarded in the fall.

Scholarship winners are announced and awarded at the fall conference awards banquet (or virtually e.g., COVID-19). Scholarship funds must be used by the end of the following calendar year (approximately 14 months), or the money will go back to MRID. Example: an interpreter is awarded the Mary Burnes Mentorship Scholarship October 2021. They will have before December 31st, 2022, to use the funds, or they will forfeit the money back to MRID.

Scholarship recipients will need to provide proof of payment of certification tests, mentoring services, professional development, or educational trainings, in order to receive the scholarship reimbursement from MRID. If the recipients are attending a college or university, MRID will pay the educational institution directly. The scholarships committee will work closely with the finance director to arrange payments.

MRID Sponsored CEUs

MRID is an RID-Approved Sponsor to provide Continuing Education Units (CEUs) to certified and associate members of RID. There are four ways to earn CEUs:

Academic Coursework

CEUs may be awarded for coursework for college credit taken at an accredited institution during the participant's current CMP cycle. If a course is being audited or taken through the continuing education office of the institution a RID Approved Sponsor should be contacted to complete a Participant Initiated Non-RID Activity Plan (PINRA).

- The course does not have to pertain strictly to interpreting; it can be a course in linguistics, business, psychology, social work, etc. As long as the course is educationally beneficial to you as an interpreter, you can earn CEUs for it.
- CEUs are awarded at:
 - 1 semester hour = 1.5 CEUs
 - 1 quarter hour = 1 CEU
- Participant must have a passing grade (pass or letter grade of C or above [2.0 GPA]) to receive CEUs for the academic coursework
- Course work must be completed during the participant's current cycle to be eligible
- The institution or organization must be recognized by the Council for Higher Education Accreditation (CHEA) in the United States or the European Quality Assurance Register for Higher Education in the European Union for CEUs to be awarded.
- \$20 processing fee

Independent Study

The independent study is designed to meet the needs of practicing professionals who desire an alternative to traditional instructional activities. Under the direction of a sponsor, individuals may design an independent study activity around many of their professional activities. However, independent study credit may not come from participants' routine employment responsibilities.

- Maximum of 2.0 CEUs may be awarded for an independent study (IS). The IS Plan Form must be completed and approved by sponsor before any IS activity begins
- All IS activity must be completed within 12 months of receipt of the IS Plan Form
- CEUs will not be awarded at 1:1 ratio; typical approval will be 1:0.5
- \$20 processing fee

What qualifies as an independent study?

- Research
- Course instruction
- Publications (writing articles for RID Views, MRID Update, Journal of Interpretation, etc.)
- Study groups
- Multi-media instruction
- Mentorship – as a mentee and mentor
- Literature review
- Self-study curriculum

Participant Initiated Non-RID Activities (PINRA)

PINRA includes activities that an interpreter wishes to attend but which are not offered by an RID approved sponsor. The activity must be sponsored by an organization with specific known standards and must have a specific format, educational objectives, and purpose.

- All PINRA requests must be approved BEFORE the activity begins.
- CEUs awarded at 1 contact hour = .1 CEU for approved activities
 - Maximum of 2.0 CEUs may be awarded if the PINRA is General Studies (GS)
- All break/lunch times must be removed from the activity (does not include normal breaks during the course of the workshop/seminar)
- Any part of the activity that is not CEU earning will be removed from the total CEUs awarded
- \$20 processing fee

What qualifies as a PINRA?

- Audited college courses
- Non-credit courses at an educational institution
- Corporate trainings
- Community education
- Non-mandatory school district in-services
- Organizational conventions/workshops

Sponsor Initiated Activities

Sponsor initiated activities are developed by an RID approved sponsor and presented for group instruction or individual study. Examples include short courses, workshops, conferences, and webinars.

- All paperwork is to be filled out by the requestor and submitted to the Professional Development Committee a minimum of 30 days before the activity date.
- Can be searchable on the RID database
- All promotional material for activities offering RID CEUs should display:
 - The RID CMP and/or ACET Logo
 - MRID's name and/or logo
 - The number of CEUs and content (professional students or general studies)
- \$40 processing fee

Professional Studies (PS) and General Studies (GS) CEUs

Professional Studies contain content that directly applies or affects the field of interpreting. Examples of Professional Studies topics include, but are not limited to:

- Studies of Language and Linguistics
- Intracultural Dynamics
- Cultural Studies
- Intercultural Dynamics
- Theoretical and Experiential Studies
 - History of Interpreting
 - Theories of Interpreting
 - Skill development in Interpreting
 - Ethics and more
- Specialized Studies

The MRID Board of Directors establishes best practices for the board, committees, and members. The Board delegates work to committees while providing a supportive environment in order for the committees to become the hands of the organization.

With governance comes the responsibility to be good stewards of the organization's assets that encompass monetary, physical property, and human resources. As MRID is a nonprofit 501(c)(3), the Board of Directors is accountable to its members and the general public, by governing, providing leadership, and establishing basic structural foundation by developing policies that meet the goal, philosophy, and mission statements of the organization, as well as compliance with federal and state laws and regulations, and RID and MRID bylaws.

MRID is listed with the state of Minnesota and the Internal Revenue Service as a charitable organization. Donations to MRID are tax-deductible. Purchases made by the organization (with the exception of meals and lodging) are not taxable. All income and expenses are reported annually to the Internal Revenue Service and the Minnesota Department of Revenue.

The MRID Board of Directors strives to see the big picture, and to ensure that all members' perspectives are considered, and that final decisions reflect member inclusiveness and compliance. In order for committees to do the work that has been assigned, the Board should provide necessary tools and instructions to ensure programs and services are successful, and the expectations and needs of the membership are satisfied.

Board of Directors Meetings

All board meetings are conducted in accordance with the current Robert's Rules of Order, MRID Bylaws, and this Policies and Procedures Manual. The schedule of the board meetings, including special meetings, will be posted on the MRID website. Monthly board meetings will also be published in the MRID newsletter, *The Update*. The board schedules monthly board meetings at the start of each new year. These meetings should be scheduled with consideration to holidays, and other special dates. Information on scheduling special meetings, voting, and quorum procedures for all meetings are in the MRID Bylaws. Board members must attend regularly scheduled board meetings. The board is required to meet a minimum of six (6) times per year. If necessary, special meetings may be called. Board meetings can be held in-person or by virtual platform.

All members and the public are welcome to attend monthly board meetings. If a member has business to bring before the board, they may contact the president to be placed on the agenda if time allows. Members may bring business before the board, however official motions by members can only be made during the annual business meeting in October. The board welcomes members' input, however, the board requests that they hold questions and comments until called upon. This will ensure that board members are able to discuss agenda items that must be completed. This is important due to the fact that the agenda is often full, and certain items must be accomplished in the time allotted.

Closed Board Meetings

All meetings of the Board of Directors shall be open meetings unless otherwise determined by the President or Board of Directors to be closed. Any portion of said meeting may be closed and reopened at the discretion of the President and/or the Board of Directors. Reasons to close a meeting include but are not limited to, personal discussion or disciplinary action around violation of an MRID policy; a member has asked to speak to the board privately; discussion of a sensitive, confidential, or legal matter; or any other reasons decided by the President or Board of Directors.

Motions Outside of Board Meetings

Motions may be made and passed outside monthly board meetings via email or a messaging app. However, there must be consensus, and any request for face-to-face discussion requires that the motion be held over until the next board meeting. Motions passed outside of monthly board meetings are called *supplemental motions* and are included in the next month's meeting minutes (with note that they passed via email or messaging app).

MRID Board of Directors Terms

- The President, Membership Director, and Programs Director shall be elected on odd years and serve from January 1 the following even year until December 31 the following odd year.
- The Operations Director, Finance Director, Communications Director, and Community Relations Director shall be elected on even years and serve from January 1 the following odd year until December 31 of the following even year.
- Board members may serve up to two consecutive terms in the same position.

Qualifications to Run for a Board Position

All board members must be current members of both RID and MRID and remain in good standing throughout the duration of their term. In addition, the President and Operations Director must have at least five years of interpreting experience and hold RID national certification. All board members must attend regularly scheduled board meetings and do their best to attend all MRID hosted events. All board members must sign and follow the MRID Board Statement of Agreement. Should the board member currently hold an MRID committee chair position, they will need to step down while they serve on the board of directors.

Communication Expectations

Each board member has unique insights, experiences, and talents to share. The board collaborates to reach the best decision for all involved. The president has the final authority of all appointments and decisions of the organization. Any suggestions, questions, or concerns addressed to the Board of Directors must be brought to the entire board before a response is given. Should this be a confidential matter, the board member has the authority to talk to the President and/or Operations director.

Being a board member requires the ability to see all perspectives or at least recognize them and make an informed decision that positively affects the members and the organization, even when the board member disagrees with a board decision. Individual beliefs and values are important, especially when stating a perspective, but board members must be willing to investigate all options and then support the final decision as a whole. Board members will not disparage other board members or the decision itself should they disagree.

Conflict of Interest

Current board members may not simultaneously serve as committee chairs. This allows the Board of Directors to function as an integrated system, and to govern committees and general MRID business in a nonpartisan manner. This also fosters a clear set of checks and balances, which will protect MRID and the individual board member from potential real or perceived conflicts of interest. The board of directors must ensure impartiality and integrity while performing their respective duties. For those involved in leadership positions, a trust is established and all conflict of interests, whether real or perceived, must be avoided at all times. This also ensures checks and balances within the organization and sees that no individual gains anything personal or professional other than what they are entitled to as prescribed by the MRID while serving in a leadership position. The board has sole authority to decide whether a conflict of interest exists, and then seek applicable solutions. This may include recusal or resignation of those who are directly involved.

Temporary Leave of Absence

The MRID understands that life does not always go smoothly when serving as a board member. When extenuating circumstances occur, a board member may submit a request to the President or the Operations Director for a temporary leave of absence for up to three (3) months. The duties of that board member will be delegated and dispersed among the board to those who best fit the skills needed. If the end of the 3-month leave period arrives and the board member does not wish to return, they may at that point submit their resignation following the proper procedure.

Board Vacancies

Bylaws Article IV section 7.A states that any vacancies shall be filled by a majority vote of the remaining board of directors and that person shall fill the vacancy until a successor is elected. Options to fill vacancies include:

- If an elected board member resigns before starting their term or resigns in the first six (6) months of the year (January to June), the board of directors will send out a call for applications, review, and appoint someone to fill the entire term of the vacancy. If no applications are received, board members can make personal contacts and appoint a person to the position, as necessary.
- If there is a vacant position three (3) months prior to elections, board members can decide to wait to send a call for the open position and opt to wait for the next round of elections or to appoint someone to the position, as necessary.
- A vacancy can be filled immediately after elections if the elected individual is willing to start their term early.

Prior to going to the bank to make changes, be sure to type up a letter addressed to Wells Fargo highlighting all the necessary changes. You can find a sample of that letter by [clicking here](#). Annual Business Meeting Preparation

Changing the MRID Bylaws

The process to amend the bylaws is found in the MRID Bylaws Article VII, Section I. In short, if a member or the board of directors wish to amend the bylaws, they must develop a formal motion. This motion must include the previous language of the bylaw being changed, what will be changed, and the look of the new language. This must be submitted to the President who can refer to the bylaws committee for review and ensure all of the proper information is included. Once the motion is ready, either the bylaws committee or the MRID Board will send the motion to the membership at least 30 days before the annual or special meeting. This 30-day timeline is firm; it is recommended that the motion is submitted to the board early enough that proper changes can be made if necessary. At the business meeting, members can amend the motion in the usual ways, but at least two-thirds membership must approve the motion before the change is implemented.
